Safe Deposit Boxes

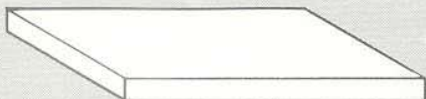

Modular Aluminum Series
Specifications

Engineered for security and maintenance-free operation.

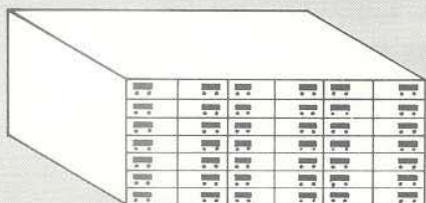

Sections: 32-5/8" wide and 10-7/8" wide provide versatility for safe deposit box configurations in even the most crowded vaults. Reinforced steel cases, bases and canopies all include interlocking features.

Front panel and doors: High pressure die cast aluminum alloy. Hinge bosses, interlock bar and bolt bar are integral to the casting. Recess cast into front face to mount number plates.

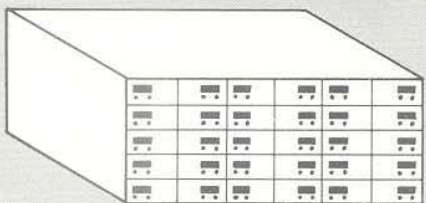

Standard finish: Silver gray baked hammertone finish.
